Profile

I am a highly motivated and detail-oriented Computer Engineering diploma holder with hands-on experience in full-stack development. My expertise lies in Python, Django, and RESTful API development, along with proficiency in frontend and backend technologies such as HTML, CSS, JavaScript, PHP, and MySQL. With a strong commitment to clean code and continuous learning, I am eager to contribute effectively in a dynamic and growth-focused work environment.

Projects

- ♦ **Educational Websites** [🔗](#) 08/2024 – Present
Codetrox (Full-Stack Developer)
Developed and maintained a responsive educational website to manage course listings, student inquiries, and content updates.
